

Announcement

Chief Financial Officer – Lee Foo Kheong

Tantallon Capital is very pleased to announce the addition of Lee Foo Kheong (34) to the team as CFO. Foo Kheong joins us after an 8 year period with Merrill Lynch (Singapore) where he was latterly Head of Control for the cash equity business within the Asia-Pacific region, with responsibility for a team of 12 operating in Singapore and Hong Kong. Foo Kheong will be a valuable addition to Tantallon Capital as we reinforce our middle management controls.

As CFO he will primarily be responsible for compliance, legal, risk and reporting issues. His addition will enable further enhancement to our controls and segregation of duties.

Foo Kheong is an Australian Certified Practising Accountant (CPA) and has a Bachelor of Commerce from the University of New South Wales, Sydney and an MBA from University of Manchester, UK.

Asian Hedge Fund of the Year

The Tantallon Fund was voted Asian Hedge Fund of the Year at a recent industry awards ceremony in Singapore. While we were surprised by, and grateful for, this recognition we are conscious that our returns so far this year are unlikely to result in a recurrence of this phenomenon.
